

BRAND NEW RELEASE FROM THE LEADER IN WEST COAST BLUES

Rod Piazza & THE MIGHTY FLYERS

"FOR THE CHOSEN WHO" - ALBUM & BONUS DVD!

**THE FULL-LENGTH ALBUM & THE BONUS (MAKING OF THE ALBUM) DVD FEATURING:
TWO FULL-LENGTH SONGS, INTERVIEWS & COMMENTARY - IT'S ALL HERE.**

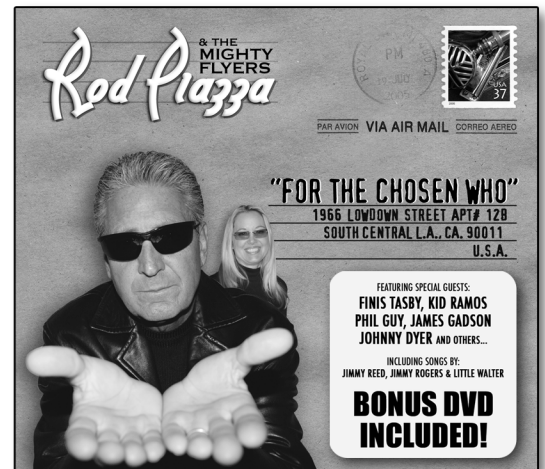

Don't make the mistake of thinking of Rod Piazza as one of the "young turks" of the blues or part of the "new generation" of blues greats. At this point in his career Piazza has been putting out records longer than his mentor George "Harmonica" Smith did or Sonny Boy Williamson (either of them) or Muddy Waters. He's been making records for more years than Little Walter was alive! Piazza is a tried-and-true, dyed-in-the-wool blues veteran with credentials that are second to none.

With the release of "For The Chosen Who" Piazza and his Mighty Flyers get back to the roots of what drew them into the blues in the first place while at the same time investigating the funkier side of things by bringing in a lineup of very special guests including guitarist Phil Guy and a rhythm section made up of veterans Finis Tasby on bass and James Gadson on drums. With strong originals and well-chosen covers this is Piazza's most rootsy, adventurous album ever.

Piazza and The Mighty Flyers have won or been nominated for just about every award that can be bestowed upon a blues band, played literally thousands of gigs around the world, recorded over a dozen highly acclaimed releases and along the way virtually created a new style of blues - a combination of low-down Chicago grit, suave West Coast swing and jazz and the rhythmic drive of the best early R&B and rock & roll. Quite simply, Rod Piazza and The Mighty Flyers are one of the best, most professional and most distinctive bands in blues today and Delta Groove is proud to release "For The Chosen Who."

- The joy and excitement in creating this project is captured in abundance in the accompanying **BONUS DVD** which offers an insider's look at these groundbreaking recording sessions.
- On the CD Rod & The Flyers and guests tackle classic blues songs by Jimmy Reed, Jimmy Rogers, Ike Turner, Sonny Boy Williamson and Little Walter.
- The guests include Buddy Guy's brother Phil Guy who contributes lead guitar as does former Fabulous Thunderbird Kid Ramos. Blues star Finis Tasby and session king James Gadson (BB King, Bill Withers, Aretha Franklin) drop in as well as smokin' rhythm section. Blues legend Johnny Dyer duets with Rod on Little Walters' Got To Find My Baby.
- "For The Chosen Who" is a concept, a philosophy of Piazza's that deals with the old adage 'You don't choose the blues, the blues chooses you.' With this release, he reaches out to both long-time fans and the next generation of those to be chosen.
